Primary School

Love, Learn, Persevere and Succeed

Friday 8th November 2019

Dear Families,

It has come to our attention that in 2016, the process for electing parent governors was not followed correctly. Although this happened prior to my tenure, and that of the current Chair of Governors, we are keen to rectify this issue.

Our two current parent governors have made valuable contributions to the Governing Board and have served the school well in their roles, but it is important that we are compliant with the latest regulations and we will therefore be holding parent governor elections soon.

The governing board are looking for parent governors with specific skills and these will be explained more fully in the Governors' Information Pack; all candidates will be interviewed to ensure that they understand the nature of the role before deciding whether to stand for election. We will be supported throughout this process by Warwickshire County Council Governor Services.

Further information regarding becoming a parent governor will be released shortly.

Yours sincerely,

Mrs. Claire Stringer
Headteacher
