COVID-19 Update

Dear Families,

I hope that you are all keeping well and safe during this uncertain time. Over the last few weeks we have been ensuring that the children who absolutely must attend our child care provision are learning, having fun and are reassured about our current national crisis. School staff have been working extremely hard with organising staffing, activities for children and navigating the continuous stream of guidance being released by Central Government and the Department for Education.

We have been working hard, particularly on provision for families that receive Free School Meals, and have already released some further information regarding this. Some of you will be in receipt of Universal Free School Meals, which are different to Free School Meals. Further information is on our school app regarding the difference and how you can check your eligibility for Free School Meals. If you haven't got our app already, it is **FREE to download** from any app store. Simply search for Jigsaw School App, and once downloaded **choose Long Lawford Primary School**.

We hope that you have had a go at some of the learning activities that are available on our school app and school website. If you would like to share any outcomes, you can do this via Microsoft Teams. Please also let us know if you are happy for us to tweet pictures shared with us. Mr Sutcliffe will be sending out further guidance with regards to how to access and use Microsoft Teams. **Please encourage your child to login to it regularly.** If you have any questions for members of staff, please email them to admin2405@welearn365.com. This email address is monitored daily where as Microsoft Teams is monitored weekly.

Our website has been updated with further useful links to support positive mental health and wellbeing and I urge you to take a look. There are many useful ideas, links and support avenues for adults and children.

Finally, I would like to **thank you all**. School staff have received some great feedback from our school community that has been passed onto our staff. It helps us all to keep buoyant during unsettled times. You are helping us all to "do our bit" to support the NHS with supporting the nation with slowing the spread of the virus. It really is making a huge difference to us all. **Please continue to adhere to Government advice regarding handwashing, social distancing, self-isolation and staying home.**

Yours sincerely,

Mrs. Claire Stringer
Headteacher
