Dear Families,

As we begin a new year we wanted to remind all of our families about the importance of keeping everyone safe online and what to do if we need to report any problems.

It is really important that children are supervised when using the internet, especially social media and games which are played online. Please also ensure that the games, apps, films and television shows which children are accessing are age appropriate. Use the website www.commonsensemedia.org to check this.

We have suggested some websites below which will be helpful for families to take a look at to continue the Online Safety conversation.
