November 2020 Schedule (All Years) – Information for Parents

Long Lawford Primary School
Love, Learn, Persevere and Succeed

From September 2020, **the school day will be temporarily staggered** to facilitate Government Guidelines for full school re-opening. The timings will apply for the first half term (at least up until Christmas holidays). These staggered times will hopefully support the easement of volume of traffic and parking close to the school and limit the number of adults and children entering school site at a given time, thus reducing risk of spreading the virus and helping to **keep everyone safe**. If the new timings will need to continue, parents will be informed.

The one-way systems will remain in place, and all parents and children will enter the school site through the Park Gate and exit through the Carpark towards Holbrook Road. Please see the one-way map which shows where children will be dropped off and collected. This system will be reviewed in line with any Government Guidance updates. **Due to an update in local advice and a significant rise in C19 cases in Rugby, please can parents/carers wear a face mask when on school site (where possible). Staff on gate duties will also wear a visor. This is also in line with the new National Restrictions that came into force on 5.11.20.**

For this half term, **Reception will use the hall for lunch only**, supporting transition into full school days and teaching key skills such as turn-taking, table manners, independent cutting of food and dinnertime routines. Years 1-6 will have their lunch in their classroom and will be provided with a hot or cold deli bag option for school meals. Children that bring a packed lunch will eat their lunch with their peers within the classroom. **This will ensure that bubbles are kept as separate as possible**.

The use of the hall will be slowly re-introduced over time and **as government guidelines relax further**. As staff are required to continue with "deep cleans" between bubbles, the use of the hall for meals is not feasible for more than one year group at present.
